INTRODUCTORY NOTE

The Monthly bibliography - Part I - Books, official documents, serials, is a publication prepared by the United Nations Library in Geneva and is one of the products of the United Nations Bibliographic Information system (UNBIS) in the framework of the UNBIS network.

The bibliography serves as the Library's monthly acquisitions list as well as a current awareness list of materials relevant to the work programme of the United Nations.

The bibliography provides full bibliographic description with each citation, in accordance with accepted international standards such as the Anglo-American Cataloguing Rules, 2nd edition, 1978 and the International Standard Bibliographic Description (ISBD).

The list of citations is followed by three indexes : a personal and corporate author index, a subject index, which includes geographical terms, and a title index.

INTRODUCTION

La Bibliographie mensuelle - Partie I - Livres, documents officiels, publications en série, est une publication établie par la Bibliothèque des Nations Unies à Genève. Elle est l'un des produits du Système d'information bibliographique automatisé de l'ONU (UNBIS).

La bibliographie signale les ouvrages récemment acquis présentant un intérêt du point de vue du travail des Nations Unies.

La Bibliographie mensuelle donne une description bibliographique complète de chaque ouvrage, utilisant les règles acceptées au niveau international, telles que les Anglo-American Cataloguing Rules (Règles anglo-américaines d'établissement de catalogues, 2ème édition, 1978) ou celles qui sont énoncées dans la Description bibliographique internationale normalisée (ISBD).

La liste des citations est suivie de trois index : un index par auteurs (vedettes-auteurs et collectivités-auteurs), un index matières y compris les sujets géographiques et un index de titres.
